This workshop is for you if you've been elected to a board or a council, particularly if you feel your own management experience doesn't equip you for this 'governance' role.

As a service to our diocesan organisations and the people we elect, the Anglican Church League presents a workshop designed to train members of boards and committees in good governance principles and practice.

Archbishop Glenn Davies on
Evangelical Governance: what
difference does the gospel
make to governance?

Dr Robert Tong on

governance of diocesan boards.

Canon Bruce Morrison on
